Donald L. Garrity

President

Donald Garrity assumed the presidency of Central Washington University in September of 1978, following a distinguished career as a teacher and administrator at San Francisco State University. A native of Colorado, he received his B.A. degree from Colorado State College, and his M.A. and Ph.D. degrees from the University of Washington. In 1956, he joined the sociology faculty at San Francisco State, and became chairman of the Department of Sociology in 1960. In 1966, he was appointed provost and chief academic officer of the university.

A specialist in criminology, Dr. Garrity has served as a consultant to numerous state and community agencies, including the California Department of Corrections and the San Francisco Police Department. He is a member of the San Francisco Crime Commission, and a former Ford Foundation Visiting Fellow to England. He and his wife, Virginia, are the parents of two sons both of whom are college students in California.
As a multipurpose institution, Central Washington University offers undergraduate degrees and graduate degrees at the Master's level in the arts and sciences and professional education for prospective elementary and secondary school teachers. Nondegree preprofessional studies for students interested in pursuing additional training in professional schools at other universities are also provided.

Above everything else, Central Washington University provides quality instruction, facilities and programs that aim toward the future. Central’s faculty has earned a reputation for academic quality and integrity. More than 90 percent of the faculty have appropriate terminal degrees. Central's faculty members are dedicated to teaching, public service and research, and they take the time to meet the needs of their students.

The high quality of Central goes beyond the ability of its faculty. The university also has outstanding facilities. For example, 50 percent include a new library complex, an award-winning psychology building, a new administrative and laboratory building, and several other major instructional complexes.

Central's excellent facilities do not stop with new buildings. In 1978 alone, the library added 20,000 holdings to its shelves. And campus technical facilities range from television studios to science laboratories and botanical greenhouses.

Most importantly Central Washington University is proud of its quality academic programs. Here all programs involve more than just basics. Each program provides a latitude for students to explore areas outside their specializations and still complete graduation requirements.

The Central Washington University campus, located in Ellensburg, is in the center of Washington state. The campus is comprised of 350 acres surrounded by outstanding cattle and farm land with fishing, skiing, camping, swimming, boating, and hiking facilities readily available.
A GUIDE TO ACADEMIC ATTIRE

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students of those days wore them to keep warm in the damp, drafty twelfth century castles and halls of learning. Today in this country, they are used only for formal academic ceremonies.

Various Degrees

Each college degree has a distinctive hood and black gown. If more than one degree is held, the gown and hood of the highest degree are worn.

The gowns for the Bachelor's degree, earned after four years of undergraduate study, have a square yoke with shirring across the shoulders and back. The Bachelor's gown is primarily distinguished by its full open sleeves, coming to a point.

The holder of the Master's degree, won by an additional year of post graduate work, wears a gown with a yoke similar to the Bachelor's but the distinctive long narrow sleeves are closed at the end and trail below the arms. The arm comes through a slit part way down the sleeve.

Gowns for the Doctor's degree, earned for at least three years of advanced graduate study and research, carry broad velvet panels down the front and three velvet bars on the full round bell-shaped sleeves. This velet trim may be either black or the color of the field of learning to which it pertains.

Academic Colors

It is the hood that gives color and real meaning to the academic costume. A black shell, of varying sizes for the three degrees, is silk-lined with the colors of the institution conferring the degree. The hood is then bordered with velvet of the color signifying the field of learning to which the degree pertains.

The border colors for the various academic disciplines are:

- Arts, Letters ........ White
- Commerce ............ Drab
- Economics ............ Copper
- Education ............ Light Blue
- Engineering ............ Orange
- Fine Arts ............ Brown
- Journalism ............ Crimson
- Law .................. Purple
- Theology .............. Scarlet
- Library Science ........ Lemon
- Medicine .............. Green
- Music ................ Pink
- Nursing ............... Apricot
- Philosophy ........... Dark Blue
- Physical Education .. Sage Green
- Science .............. Golden Yellow
- Speech ................ Silver Gray

It is the field of learning and not the department in which major work was done which governs the color of the velvet for the hood.

Gray Gowns are students of Junior standing who have achieved academic excellence at Central Washington University. The selection is based on grade point average and completion of 45 quarter credits at Central Washington University.

TASSELS

Students who are displaying red tassels are graduating Cum Laude, those displaying silver tassels are graduating Magna Cum Laude, and those displaying gold tassels are graduating Summa Cum Laude. These awards are given to those students who have achieved high academic excellence: 3.40 Cum Laude, 3.60 Magna Cum Laude, and 3.80 Summa Cum Laude.
