CENTRAL ALMA MATER

Unto thee our Alma Mater,
Here we pledge devotion true.
Years may pass and time may bring us
many a task that's hard to do.
Still we'll sing the old songs over,
Still we'll call the old days back.
Still we'll cheer the best of colors;
Hail the crimson and the black.

Still we'll sing the old songs over, Still we'll call the old days back. Still we'll cheer the best of colors; Hail the crimson and the black.

ORDER OF EXERCISES

Processional
Presentation of Colors Army and Air Force ROTC
National Anthem Professor Sidney Nesselroad
Invocation
Christian and Missionary Alliance Church
Welcome and Introduction Dr. Donald Garrity, President

	President, Alumni Association
Mr. Mike Caine	Representative, Board of Directors
	Associated Students of Central
Reverend Timothy Owen	Minister,
Annual Section of the Control of the	Christian and Missionary Alliance Church

The Audience is asked to remain seated during the Recessional.

A GUIDE TO ACADEMIC ATTIRE

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students of those days wore them to keep warm in the damp, drafty twelfth century castles and halls of learning. Today in this country, they are used only for formal academic ceremonies.

VARIOUS DEGREES

Each college degree has a distinctive hood and black gown. If more than one degree is held, the gown and hood of the highest degree are worn.

The gowns for the Bachelor's degree, earned after four years of undergraduate study, have a square yoke with shirring across the shoulders and back. The Bachelor's gown is primarily distinguished by its full open sleeves, coming to a point.

The holder of the Master's degree, won by an additional year of post graduate work, wears a gown with a yoke similar to the Bachelor's but the distinctive long narrow sleeves are closed at the end and trail below the arms. The arm comes through a slit part way down the sleeve.

Gowns for the Doctor's degree, earned for at least three years of advanced graduate study and research, carry broad velvet panels down the front and three velvet bars on the full round bell-shaped sleeves. This velvet trim may be either black or the color of the field of learning to which it pertains.

ACADEMIC COLORS

It is the hood that gives color and real meaning to the academic costume. A black shell, of varying sizes for the three degrees, is silk-lined with the colors of the institution conferring the degree. The hood is then bordered with velvet of the color signifying the field of learning to which the degree pertains.

The border colors for the various academic disciplines are:

Arts, Letters White	Medicine Green
CommerceDrab	Music Pink
EconomicsCopper	Nursing Apricot
Education Light Blue	Philosophy Dark Blue
Engineering Orange	Physical Education.Sage Green
Fine ArtsBrown	Science Golden Yellow
Journalism Crimson	SpeechSilver Gray
LawPurple	TheologyScarlet
Library Science Lemon	

It is the field of learning and not the department in which major work was done which governs the color of the velvet for the hood.

CRIMSON CORTEGE

Cindy Burnett	Ellensburg, Washington
Ming Chang	Peking, China
Sophia Eberhart	
Karen Edwards	
Jennifer Elf	Ellensburg, Washington
Wendy Mock	Torrance, California

Leading the procession of graduates into the auditorium is the Crimson Cortege, a select group of students in junior standing who have achieved academic excellence at Central Washington University. The selection is based on grade point average and completion of 45 quarter credits at Central Washington University.

TASSELS

Students displaying colored tassels have fulfilled the requirements for receiving honors from Central Washington University. Students who are displaying red tassels are graduating Cum Laude or With Distinction. Those displaying silver tassels are graduating Magna Cum Laude or With High Distinction. Those displaying gold tassels are graduating Summa Cum Laude or With Highest Distinction. These awards are given to those students who have achieved high academic excellence.

HONOR GUARD

Immediately following the procession is the Honor Guard. The Honor Guard is composed of students from the Air Force Reserve Officer Training Corps and the Army Reserve Officer Training Corps. The United States Air Force Reserve Officer Training Corps and the United States Army Reserve Officer Training Corps are programs designed to prepare eligible students to assume the responsibilities of commissioned officers in the United States military.

CENTRAL WASHINGTON UNIVERSITY 1983-84

As a multipurpose institution, Central Washington University offers undergraduate degrees and graduate degrees at the Master's level in the arts and sciences and professional education for prospective elementary and secondary school teachers. Nondegree preprofessional studies for students interested in pursuing additional training in professional schools at other universities are also provided.

Above everything else, Central Washington University provides quality

instruction, facilities and programs that aim toward the future.

Central's faculty has earned a reputation for academic quality and integrity. More than 90 percent of the faculty have appropriate terminal degrees. Central's faculty members are dedicated to teaching, public service and research, and they take the time to meet the needs of their students.

The high quality of Central goes beyond the ability of its faculty. The University also has outstanding facilities, which include a new library complex, an award-winning psychology building, a new administrative and laboratory building, and several other major instructional complexes.

Central's excellent facilities do not stop with new buildings. The Library has increased its total number of holdings to 454,651. Campus technical facilities range from television studios to science laboratories and botanical

greenhouses.

Most importantly Central Washington University is proud of its quality academic programs. Here all programs involve more than just basics. Each program provides a latitude for students to explore areas outside their

specializations and still complete graduation requirements.

The Central Washington University campus, located in Ellensburg, is in the center of Washington state. The campus is comprised of 350 acres surrounded by outstanding cattle and farm land with fishing, skiing, camping, swimming, boating, and hiking facilities readily available.

THE MACE

Since the Middle Ages, the mace has served as a symbol of power and authority. Originally designed as a weapon of battle, it gradually assumed a more ceremonial role, and was typically carried by kings and church leaders as a sign of office. Today, many legislative bodies such as the U.S. House of Representatives and the British House of Commons have maces, as do most colleges and universities.

Central's mace was crafted by Wilhelm Bakke, Emeritus Professor of Technology and Industrial Education. It consists of a shaft of solid walnut, taken from a tree in the Kittitas Valley, surmounted by a four-sided head-piece plated in 24K gold. Three of the sides bear the letters, CWU while the fourth bears the university seal. Two of the sides are backed by the University colors, crimson and black, and the others are backed by the color green signifying the evergreen state. The mace is on display in the meeting room of the Board of Trustees in Bouillon Hall, and is used only for official University functions.
