111 EAST 8th STREET • ELLensburg, WASH. 98926
A.D. (Bink) Beamer
Athletic Director

I would like to take this opportunity to welcome you to the Central Washington State College Campus and to the Wildcat Athletic Program.

We are starting a new season of Wildcat Football, and we hope that it will be another successful year. Our coaches and players are excited and optimistic about the Wildcat chances for the Evergreen Conference Championship for 1972. CWSC competes in the Evergreen Conference, and we are members of the NAIA and the NCAA National Organizations.

We have been very successful, and we hope that you have enjoyed and will continue to enjoy the outstanding athletic events on the CWSC Campus. We think we have some of the best athletic teams in the nation and our record will prove this.

Central’s Athletic Program has been growing at a rapid pace. We are currently fielding ten varsity athletic teams (Football, Cross Country, Basketball, Swimming, Gymnastics, Wrestling, Baseball, Golf, Tennis, and Track), and three junior varsity teams.

We are grateful to the subscribers in this program for the important support of the athletic program.

**EVERGREEN CONFERENCE 1972 FOOTBALL SCHEDULE**
Two new coaches join head coach Tom Parry with this year's edition of the Wildcats. Replacing Gary Frederick, who is on a four-month leave of absence to complete his doctorate studies at the University of Idaho, is Doug Adkins. Adkins, a native of Cashmere, was an All-Conference defensive tackle for the Wildcats in the 1968 and 1969 seasons. He was head junior varsity coach last year after spending one year as the head coach of the now-closed Grand Coulee high school.

The other new addition is Larry Smith, also a Cashmere native, who returns to the Central campus to finish his master's degree in physical education. Coach Smith was the head coach at White Swan high school for five years. He, too, was the head junior varsity coach at Central in 1966 after earning all EvCo honors in 1965 as a fullback.

Returning for his sixth year is head defensive coach Walter "Spike" Arlt. Arlt, a graduate of Washington State where he was an outstanding hurdler and member of the Cougar football squad, is in charge of the defense this year. He also doubles as assistant track coach in the spring.

Tom Parry is starting his seventh year as head coach of the Wildcats. His evaluation of the '72 edition of the Cats is "guarded optimism". Thin in spots but with good quality at the starting positions, the absence of injuries could assure a respectable year for Central.

HISTORY, LOCATION, AND BUILDING

Central Washington State College is one of six state-supported institutions offering baccalaureate and graduate degrees in the state. The College has its own governing board, the College's Board of Trustees, all of whom are appointed by the Governor and approved by the State Legislature. Established in 1890 as Washington State Normal School by legislative action, it became Central Washington College of Education in 1937 and Central Washington State College in 1961. The College is located in Ellensburg, a rural town of about 13,800, in the center of the state and about one hundred miles east of Seattle.

Central's campus has more than doubled in size in the past ten years, and according to projected accounts, the College will continue to grow and remain the center of building activity in central Washington.

The College's 316 acres include a variety of new facilities. Among the new buildings are the Psychology Building, Samuelson Union Building, better known as the SUB, Dean Hall (Biology and Chemistry). Language and Literature (English, Foreign Languages, Philosophy), Fine and Applied Arts Complex (Art and Home Economics), Hogue Hall (Technology and Industrial Education), Mitchell Hall (Administration Annex).

Student dormitories and dining halls can comfortably accommodate four thousand single and married students.

OBJECTIVES

As a multipurpose institution, Central Washington State College offers undergraduate degrees in the arts and sciences and professional education for prospective elementary and secondary school teachers, and graduate degrees at the master's level in arts and sciences and professional education. The College also offers non-degree, pre-professional studies for students interested in pursuing additional training in professional schools at universities.

The College, of course, means to accomplish much more. By means of a program so organized that it constitutes a meaningful whole and provides a basis for continuing self-education, the College attempts to further the student's understanding of himself, other people, and the physical and biological universe. It not only deals with the factual and evolutionary aspects of these areas, but more important, tries to develop an understanding of their various interrelationships. The entire process is designed to build security and confidence in the student through knowledge and inquiry.

All phases of the College's program, such as instructional, guidance, social, physical activity, health, student government, spiritual, recreational, and cultural, acquaint the student with the animate and inanimate universe, and man as part and product of this universe.

It takes longer
to be better.
At Heidelberg we slow brew our beer. Always have. Because we learned long ago that you can't rush a good thing. So we give our beer more time and care. Allow it to reach its peak of flavor naturally. And that's why it tastes so good. Premium quality Heidelberg. It takes longer to be better.
