GENERAL INFORMATION

PURPOSE OF CORRESPONDENCE STUDY

Many people find it difficult or impossible to continue their college education by enrolling for full time or even part time resident study. Correspondence courses are offered by Central Washington College of Education as a means by which students may study at home at their own rate of speed, and at a time which is convenient to their own schedule.

The following are some of the students served through correspondence study:

1. Teachers who hold temporary teaching certificates and who are working toward permanent certification.
2. Teachers who wish to earn credits for renewal of a teaching certificate or for advancement on a salary schedule.
3. Teachers from states other than Washington who wish to secure a Washington teaching certificate.
4. Teachers and those returning to teaching who feel the need of a "refresher" course but are unable to return to the campus.
5. Teachers with a Provisional General Certificate who wish to complete a portion of their fifth year of study required for a Washington Standard General Certificate.
6. Those undergraduates who are temporarily unable to return to the campus but who wish to continue their studies toward the Bachelor's degree.
7. Those who are doing student teaching for a quarter away from the campus.
8. Those who, early in their educational careers, wish to take work that will shorten the residence period necessary for the completion of a curriculum.
9. Those who wish to continue their study chiefly for its cultural value.

METHODS OF INSTRUCTION

The instructional method follows the best practices developed in college classes and is adapted to the special conditions of correspondence study. It varies in individual courses and subjects, but always attempts systematically to present the subject in lessons or projects supplemented by texts, syllabi, and required or optional reading.

The absence of classroom lectures or discussions and personal contact with the instructor are compensated for by special directions and outlines and by comments by the instructor on the papers of the student. Individual needs are met by personal correspondence and special advice on problems presented and questions asked by the students. Papers are read and scored and final examinations are corrected and graded by an instructor who has taught or is qualified to teach the course on campus.
GENERAL REGULATIONS

ENROLLMENT

Eligibility

High school graduates and mature students who have not completed a full four-year high school course may enroll for correspondence study. College credit is not allowed for correspondence study until high school graduation requirements have been met.

Any student who has not previously been enrolled as a resident student at C.W.C.E. and desiring college credit for correspondence study shall submit to the Registrar either:
(a) An official record of high school graduation, or
(b) An official transcript of credits earned at another college.

Resident Students

Students enrolled for resident study and wishing at the same time to enroll for correspondence study must first secure written approval of the Registrar. Correspondence study may not be taken in addition to the maximum credit allowed for resident study. A form for approval by the Registrar may be secured from his office or from the Office of Public Service and must be filed with the application for correspondence study.

Prerequisites

Students enrolling for credit must meet the prerequisites of each course. This regulation may be waived by written consent of the chairman of the Division to which the course belongs.

Lower division courses (courses numbered 100 to 299) are designed primarily for first and second year students. Upper division courses (courses numbered 300 to 499) are designed primarily for third, fourth and fifth year students.

How and When to Register

A student may enroll for correspondence study at any time during the calendar year. Complete the application form contained on the last page of this catalog or send to the Office of Public Service for an Application Form. Textbooks and references may be requested at the same time (see Text Books and Other Materials for more detailed information).

Upon receipt and approval of the completed application together with a check or money order in payment of the fee, the Office of Public Service will send all or a large group of the lessons.

Fees

All fees are payable in advance and remittances must accompany the application for correspondence courses. The fees for correspondence courses are $6.00 per credit hour. Thus, the fee for a three credit course is $18.00 and for a five credit course, $30.00. The cost of textbooks is not included in the amount named above.
Refund of Fees

There will be no refund of fees after the college records show that the application has been filed and the first set of lessons has been mailed to the student.

Change of Registration

Students may change their registration from one course to another within thirty days of their initial registration, provided no lessons have been sent in for correction. In changing registration the student must return the lessons sent to him and submit a $1.00 Change of Registration Fee.

Time Limitation

Courses must be completed within twelve months from the date of enrollment. Students should plan on at least one month as the minimum period of time in which to complete a course.

Extension of Time Limit

A student may be granted one extension of the time limit by applying to the Director of Public Service. Such application shall include information to justify the request for an extension and shall indicate the amount of additional time needed to complete the course. Requests for an extension must be made before the original time limit of one year has expired and are to be accompanied by a fee of $1.00 per course.

Reinstatement of Enrollment

When the time for completion of a course has lapsed the student will be automatically dropped from enrollment in that course. He may apply to the Director of Public Service for one reinstatement of enrollment. Such request shall include information to justify the reinstatement and the amount of additional time needed to complete the course. Reinstatement cannot be made if the course is no longer offered by correspondence or if more than two years has elapsed since original registration for the course. A fee of $1.00 is required for reinstatement.

TEXTBOOKS AND OTHER MATERIALS

The student is responsible for securing his own textbooks, references, or other materials required for the course. The cost of books and materials is not included as part of the enrollment fee.

Textbooks are stocked by the College Book Store but will be sent only at the student's request. Requests for books may be made through the Office of Public Service when the application for correspondence study is submitted or an order may be sent directly to the College Book Store. Orders will be sent C.O.D. whenever possible.

Reference books may be borrowed from the College Library to the extent that such books are available. All applications for the use of reference books shall be sent directly to the librarian of the College. Books are issued for two weeks and are renewable upon application to the librarian. All books must be properly returned when due, or renewed in advance. Postage both ways is to be paid by the student.
PREPARING AND MAILING LESSONS

The first sheet for each lesson will be provided by the College. All information requested on this sheet must be completed in full. All lessons shall be written on good quality 8½ by 11" unruled paper. First-grade typing paper is suitable for this purpose. The lefthand margin should be at least 1½ inches. Write on one side only. Typewritten lessons are preferred but not required.

To avoid delay in the handling of lessons, be sure that you have added enough postage to the envelope. Many lessons require more than one 4¢ stamp. **DO NOT SEND LESSONS TO THE INSTRUCTOR.**

Each lesson or unit should be mailed as soon as completed to:

OFFICE OF PUBLIC SERVICE
CENTRAL WASHINGTON COLLEGE OF EDUCATION
ELLENSBURG, WASHINGTON

STUDY TIME REQUIRED

Correspondence courses are organized with six or more lessons for each credit. Each lesson will require a minimum of five hours of work. A student should not undertake correspondence work unless it seems possible to spend at least five hours a week in study. It is recommended that a student enroll for and complete one subject at a time. Two courses should be a maximum. Allow a minimum period of one month in which to complete a course.

EXAMINATIONS

Upon completion of the last lesson the student shall submit to the Office of Public Service the name and address of someone who will monitor the final examination. Students living in or near Ellensburg may arrange to take the final examination at the Office of Public Service. The final examination will not be sent until all lessons have been satisfactorily completed and have been graded by the instructor. It is preferred that some school administrator, either superintendent or principal, be designated as the examination monitor. The examination questions will be sent to the monitor. It will be the monitor's responsibility to return the questions and the student's answers to the Office of Public Service.

CREDIT

Credit for a Degree

College credit will be given for all correspondence work satisfactorily completed by students who are eligible to receive college credit. Credit earned by correspondence study may be used toward the bachelor's degree but not toward the master's degree at C.W.C.E. Correspondence credit may not be used in meeting the residence requirements for a degree.

**Students who plan to use correspondence credit towards graduation must complete all lessons and the final examination before the begin-**
ning of their final quarter of residence study prior to issuance of a degree.

Credit For a Teaching Certificate

Those who plan to use correspondence credit for renewal of a teaching certificate or for an original certificate issued by the State Superintendent of Public Instruction will need to request that the Registrar of the College send an official transcript of credit to the Office of the State Superintendent. Such persons should plan to complete their correspondence study at least four weeks before the date on which they will need the teaching certificate.

TRANSFER OF CREDITS

Credit earned by correspondence may be transferred to many higher institutions and will be counted toward graduation in-so-far as the particular course meets graduation requirements of that institution. However, the student should ascertain before enrolling whether the credit and the course will be acceptable, by writing to the institution to which he proposes to have the credits transferred.

MAXIMUM CORRESPONDENCE CREDIT ALLOWED

In no case will correspondence and/or extension credits be accepted in excess of one-fourth of the total number required for the completion of any curriculum. Forty-eight correspondence and/or extension credits is the maximum allowed toward graduation.

Candidates for the Secondary Certificate or the Standard General Certificate in the State of Washington may complete by correspondence and/or extension a maximum of twelve quarter hours of the fifth year of work required for these certificates.

GRADES

Correspondence study is graded under the same system as resident study. A, B, C, and D are passing grades for college credit. E is a failing grade. A grade report will be sent to the student upon completion of the course. This report, however, is not an official transcript of record. An official transcript must be requested through the Registrar’s Office.

LESSONS IN SUMMER

Although a student may enroll for correspondence study at any time during the calendar year, instructors are not always available to receive lessons during the summer months. In some cases there will be considerable delay because lessons may need to be forwarded to an instructor who is away from the campus for the summer. The period from the middle of August until the latter part of September is vacation time for college instructors and most of them are not available to accept correspondence lessons. Students wishing to receive credit for correspondence study during the summer should therefore plan to complete their work by August 1 and in some cases by June 1. The Office of Public Service will be glad to inform students
concerning courses in which there may be some delay during the summer. Very few correspondence lessons are corrected between August 1 and October 1.

OTHER PUBLIC SERVICES AVAILABLE THROUGH C.W.C.E.

The Central Washington College of Education serves the state in many ways in addition to that of conducting classwork on the campus. Providing speakers, conducting and assisting other community groups in the conducting of Public Forums, assisting in conferences, providing professional consultation services, conducting an evening school, and offering extension and correspondence courses are a few of the "extra" services of the college.

EXTENSION CLASSES

Each year the college offers some off-campus extension classes in various communities of the state. Course offerings in any extension-class center are determined by "the demand." Ordinarily a minimum of twenty students is required to establish an extension class. A greater number is required where distance from the campus and, as a result, travel cost is greater. Extension classes are arranged through the Office of Public Service.

EVENING CLASSES (On Campus)

For the convenience of those living in the immediate vicinity of the college at Ellensburg some adult evening classes are offered each year. These classes meet one, two, or three nights each week of the regular school session.

For information concerning such classes call or write to the Registrar, Central Washington College of Education.

LECTURES AND TALKS

Central Washington College of Education maintains a speakers' bureau. Interesting and helpful short talks and lectures have been prepared by well qualified members of the Central Washington College of Education staff. A listing of available lecture topics will be sent on request. Write to the Office of the President.

FILM SERVICE

The Visual Education Department of Central Washington College of Education has an outstanding collection of 16 mm educational films. This large library of films and other visual aids is available to schools and other organizations. Write to the Office of Visual Education for further information.
CONSULTATION SERVICES

Members of the Central Washington College of Education staff are prepared to assist schools as consultants in planning and carrying out short term workshops, conferences, and "clinics" dealing with school problems. The cost for this type of service is usually paid by the school district making the request.

This course considers the philosophy underlying guidance, i.e., the personnel viewpoint and the major areas of guidance—namely, educational, personal-social and vocational adjustments. Consideration is directed toward the tools of guidance such as cumulative records, case studies, tests, observation, rating scales, and other application at various levels of educational and social development. (3 cr.; 18 lessons; $18.)

Educ. 420c (103). Teaching Procedures in the Language Arts. Miss Simpson

This course is designed for elementary and junior high school teachers, principals, and supervisors. It emphasizes curriculum objectives and selection of subject matter content, the materials and methods of instruction, and latest research accomplishments in language and spelling. (3 cr.; 18 lessons; $18.)

Educ. 421c (132). The Modern Reading Program, Primary. Miss Simpson

This course is designed primarily for experienced primary-grade teachers. The following topics will receive emphasis: making the transition from reading-readiness activities to direct, systematic instruction in reading; experience-chart reading; vocabulary development (the acquisition of the sight vocabulary, the use of clues, extending the speaking and meaning vocabulary, word analysis including structural and phonetic analysis); developing fluent oral and silent reading; provisions for individual differences. (2½ cr.; 15 lessons; $15.)

Educ. 422c (132). The Modern Reading Program, Intermediate. Miss Bloomer

This course is designed primarily for experienced intermediate-grade teachers. Topics included are: vocabulary development, comprehension, reading skills and abilities, individual differences, grouping. (2½ cr.; 15 lessons; $15.)

Educ. 462c (167). The Construction and Use of Classroom Tests. Dr. Murphy

This course is concerned primarily with the production and use of classroom tests. It includes a study of objectives, test theory, item theory and item thoughts. The student will be required to prepare the following types of exercises: multiple choice, sentence and paragraph completion, matching questions, true-false, and essay. A major assignment is the construction of a comprehensive achievement test to be administered for an intermediate, junior or senior high school class. (2 cr.; 12 lessons; $12.)

Text: Weitzman & McNamara, "Constructing Classroom Examinations," 1949. An additional text may be required.

Educ. 472c (159). Elementary Education. Miss Simpson

This course treats the teaching procedures used in the specialized areas not covered in Education 312. Special attention is given to creative experiences, classroom organization and management, techniques of studying and helping children, current trends in elementary curriculum, and problems of the beginning teacher. Prerequisite, Education 311 (104) or 312 (105). (3 cr.; 18 lessons; $18.)

Educ. 473c (160). Secondary Education. Dr. Ruebel

This course deals with the history of secondary education in the United States, broad objectives of secondary education, different forms of curriculum organization, appraisal of students, guidance and counsel programs, procedures for class management, objective aids to instruction, extra class and extra school activities of teachers and students, youth problems and preparing youth for their life problems. Prerequisite, Education 311 (104) or 312 (105). (3 cr.; 18 lessons; $18.)

ENGLISH

Engl. 205c (20). Literary Backgrounds. Dr. Rinehart

In this course literature is approached as a record of ideas. Selections include a variety of literary forms, chiefly from English and American literature. Prerequisite, sophomore standing. (5 cr.; 30 lessons; $30.)

Engl. 320c (119). Children's Literature. Miss Simpson

A study of the types of literature best suited to children of grades one to six. Includes reading and evaluation of material from early folklore to present-day books for children. Prerequisite, Junior standing. (2 cr.; 12 lessons; $12.)

Dr. Bullard  
A course designed to assist students in the selection and presentation of literature suitable for secondary school. (2 cr.; 12 lessons; $6.)  
Text: Booklists "Your Reading" and "Books for You," published by the National Council of Teachers of English. Additional references are listed with the lessons.

Miss Mathewson  
This course is a detailed study of a few Shakespearean plays and a rapid reading of others. (2 cr.; 12 lessons; $6.)  

HEALTH EDUCATION  
Mr. Poffenroth  
School health problems are studied with emphasis upon the teacher's responsibility for maintenance of good health, prevention of disease, and control of a healthful school environment. (2 cr.; 12 lessons; $12.)  
Text: Turner, "School Health and Health Education."

HISTORY  
Hist. 100c (21). Growth of American Democracy.  
Dr. Rodine  
Attention is directed towards the rise and growth of the democratic ideal in government and politics, and in social, economic, and cultural life. Reform movements which have led to changes will be studied. The aim of the course is to help students to a fuller appreciation of the American heritage and an awareness of their own responsibilities as citizens. (Note: Students who expect to major in History or in the Social Sciences should take History 143 and 144 instead of History 100.) (5 cr.; 30 lessons; $30.)  

Hist. 201c (110). The History and Government of Washington.  
Dr. Mohler  
This course deals with the early phases of exploration and settlement in Washington as well as the more recent political, economic, and social development. The latter part of the course is devoted to a study of the organization and functioning of the state government. Meets the requirement for a teaching certificate in Washington. (3 cr.; 18 lessons; $18.)  

Hist. 347c (111). The United States Since 1919.  
Dr. Rodine  
This course provides an intensive study of the United States since World War I. The period of "normalcy," the depression, the New Deal, World War II, and the period since 1945 comprises the field of
study. Special attention is given to those aspects of modern life which must of necessity be omitted from survey courses. (5 cr.; 30 lessons; $30.)

Hist. 469c. History of Russia. Dr. Rodine

This is a study of the origins, political development of Russia, including the economic, social, and cultural conditions that led to the Revolution, and the developments in attitudes and policies since the Revolution. (3 cr.; 13 lessons; $30.)

MATHEMATICS

Math. 163c. College Algebra. Mr. Robert Johnson

Prerequisites, four semesters of high school algebra, or Mathematics 145, or permission. A study of quadratic, higher degree polynomial, logarithmic, and exponential functions; determinants, progressions, series, permutations, combinations, and probability. Not open to students with credit in Mathematics 161 or 162. (5 cr.; 30 lessons; $30.)

Math. 165c (51). Trigonometry. Mr. Robert Johnson

Functions of acute angles, solution of right and oblique triangles, functions of any angle, identities, trigonometric equations. Prerequisites, two semesters of high school algebra and plane geometry. (3 cr.; 18 lessons; $18.)

Math. 175c (52). Analytic Geometry and Calculus. Mr. Robert Johnson

Graphic representation, the straight line, graphs of the circle, ellipse, parabola, hyperbola, a study of rates, differentiation, and integration. Prerequisites, Mathematics 162 and 165. (5 cr.; 30 lessons; $30.)

Text: Small, Lloyd L., "Analytic Geometry and Calculus."

PSYCHOLOGY

Psych. 442c (102). Educational Psychology and Evaluation. Dr. Samuelson

Educational Psychology deals with the scientific bases of behavior factors and habits which are significant for educational progress. This course should help the teacher better understand the desirable motivations and adjustment needs of individuals, principles, proper conditions of learning, and psychological facts when applied to relationships between teacher and student. Part of the course covers the study of new theories and techniques of measurement and
evaluation. Recommended prerequisite: student-teaching or actual teaching experience. (4 cr.; 24 lessons; $24.)

SCIENCE

Biol. Science 100c (2). Survey of Biological Sciences. Miss Dean

This course deals with a survey of plants and animals to show variety, patterns and relationships, the dynamics of living things with an emphasis on the physiology of man, and organic evolution, heredity and eugenics. (5 cr.; 30 lessons; $30.)

Phys. Science 100c (1). Survey of Physical Sciences. Mr. Robert Johnson

A course designed to give the student an understanding of his physical environment and an appreciation of the rule of science in our present day world. Effort is made to impart an understanding of the scientific method and to give the student an opportunity to use it to trace changes and growths in scientific concepts; and to analyze some of the implications of science in a modern society. (5 cr.; 30 lessons; $30.)

SOCIAL SCIENCE

The central purpose of this course is the selection and use of methods and materials for effective teaching of the social sciences in the elementary school, from kindergarten through sixth grade. (2 cr.; 12 lessons; $12.)

SOCIOLOGY

Soc. 100c (20). Development of Social Institutions. Dr. Odell

A study beginning with the natural history of the human species, showing how man has come to think, live and utilize his environment. The influences of thought, cultures, and institutions are related to contemporary problems. Special attention is given to analyzing contemporary problems, the criteria for determining them, and a scientific approach that will contribute to their understanding and possible solution. (5 cr.; 30 lessons; $30.)
