The Union Expansion Committee will rediscuss the location of the bookstore and the bowling alley.

The members of the board had no questions regarding the May Civil Service report.

COMMUNICATIONS

Dr. Brooks reviewed a communication from Bert L. Cole, Commissioner of Public Lands advising that the Attorney General filed an action on behalf of Mr. Cole against the Director of the Parks and Recreation Commission to challenge Section 16 of Chapter 56, Laws of 1965, which provides that the Parks & Recreation Commission should have free use of certain State-owned lands.

Mr. Cole stated in his letter that he felt it was his duty to challenge the amendment which allows the Park and Recreation Commission free use of State-owned lands. Mr. Cole is advising Central Washington State College of the action he is taking because our institution is concerned with the management and the revenue derived from State granted lands.

#### NEW BUSINESS

Dr. Brooks said the Campus Site and Development Committee and the President's Council feel that we should ask the federal government for preplanning monies for a library addition. In order to have sufficient time for planning a new building or a wing to the present building, it was felt that work should be started now so that the preliminary plans will be ready at the appropriate time to make application to the Higher Education Facilities Commission for matching funds.

MOTION NO. 717: Mrs. Davis moved, seconded by Mrs. Therriault, that the following motion be adopted. The motion carried.

WHEREAS, Central Washington State College (herein called the "Applicant") after thorough consideration of the various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as an Addition to the Bouillon Library is desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, under the terms of Public Law 560, 83rd Congress, as amended, the United States of America has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications or other action preliminary to and in preparation for the construction of public works; and

Dr. Wilson suggested that possibly some student fees which fall into  
the category of activities fees should be considered on a voluntary

basis as the school becomes larger. He further suggested that the administration may wish to consider changing the college annual into an activities book which would be purchased by students on a voluntary basis.

Dr. Brooks, Dr. Basler and Dr. McCann reviewed the various proposals for faculty salaries for 1965-1966 and 1966-1967. Dr. Basler spoke of the need for good faculty salaries and recommended that the faculty proposals be accepted. Dr. Brooks reviewed a letter from Dr. Maurice Pettit, Director of the Research and Development Center at Central Washington State College announcing that contract negotiations for the research proposals submitted to the Department of Health, Education and Welfare have been completed.

Dr. Pettit said that Central was commended for having the highest approval rate of any of the colleges and universities submitting proposals for the small contract research grants. Five proposals were submitted and four were approved. The fifth proposal was denied approval

by only one vote. The total amount for the four grants is \$32,352.00.

Dr. Brooks said that Dr. Theodor Naumann, Associate Professor of psychology had informed him a total of \$4,880 has been made available to Central Washington State College from the State Department of Public Instruction for conducting a two and one-half week workshop to train literacy teachers this coming summer. The workshop will be held in Yakima.

Dr. Brooks and Mr. Lloyd Buckles, Budget Director indicated to the Board of Trustees that due to the long legislative session and the lateness of the Central Budget Agency in getting forms out there would be a problem in formulating and submitting the allotment request for Central Washington State College to the Central Budget Agency. The next Board meeting will not be held until July 30 and Mr. Buckles indicated the information might have to be submitted before that date. Dr. Brooks said the board would be kept informed as the budget material was prepared. The President was authorized to call a special meeting of the Board if the need should develop.

The next meeting of the Board of Trustees will be July 30 in Bellingham.

#### RECESSED

The meeting was recessed in order that the Board of Trustees might meet in executive session.
