ELLENSBURG

92 Will Graduate Sunday

Two Sets of 'Mr. and Mrs.' Graduate Together

Shown above are the two married couple who will receive their degrees together at Sunday's Commencement program. From left to right they are: Edward J. (Bud) Hill, June Bach Hill, Mrs. Stella B. Ashbaugh and Edward Ashbaugh. Both couples will receive bachelor of arts degrees in education and both will be teaching in elementary schools this fall.

Two Married Couples Will Receive Degrees At Commencement Exercises

June and Bud Hill and Ed and Stella Ashbaugh To Get B. A. In Education

Two married couples, representing the future and the present of the teaching profession, will walk across the stage of the College auditorium on Sunday afternoon to receive their bachelor of arts degrees in education.

June and Bud Hill represent future teachers. Married in March of 1947, they have attended Central together and are now graduating. They will both begin their teaching careers this fall at Naches.

Ed and Stella Ashbaugh already represent 23 years in the teaching profession. Both are now teaching in the Elementary school at Ronald. Ed has the principalship and his wife has the primary grade.

Mrs. Ashbaugh is a graduate of Southern Illinois University at Carbondale while her husband attended the East Illinois Teachers College at Charleston and the Colorado State College of Education at Greeley. They have been in Washington for 15 years. Mr. Ashbaugh has also served two terms as superintendent of county schools in Illinois.

Have Three Children

The Ashbaughs have three grown children. Jim is now in school here as a sophomore. John also attended Central for a time and is now in Alaska. Their daughter is living in Seattle.

Mr. Ashbaugh first started at C.W.C.E. in the summer of 1936 and has been attending during various summer sessions. They have been at Ronald for four years.

June Hill entered Central in 1944. She is a home economics major and a graduate of Olympia high school. She will be teaching the 6th grade at Naches this fall.

Bud, a native of Clarkston, began his schooling here in 1942. It was interrupted from July '43 until April '46 by a hitch in the Navy during the war. He was active in basketball and track in 1943 and is a three year letterman in football.

A physical education major, Bud will teach 7th grade and coach at Naches this fall.

APPOINT MEMBER TO COLLEGE MUSIC STAFF

Appointment of Gilbert Spector of New York City as instructor in music at Central Washington College, effective at the beginning of autumn term, was announced last week by Pres. R. E. McConnell.

Spector is an addition to the college music staff because of increased enrollments, Dr. McConnell said. He will teach piano and classes in music theory.

Receiving his bachelor of arts degree from the College of the City of New York, Spector also studied at the Julliard Institute as a violinist. In 1946 he began work at New York University. He is a member of the N.Y.U. chapter of Phi Mu Alpha Sinfonia and an associate member of the American Musicology Society. His work has included concert and teaching experience at the Cape Cod Music Center, Cape Cod, Mass. He accompanied for chorus and ensemble and was concert master of the orchestra. He was presented in private concert at the Carnegie Recital Hall.

HYAKEM IN SEPTEMBER

The Hyakem should be off the presses and ready for distribution about the middle of September, according to the latest report. At the present time the press runs are only about half done. A conservative estimate is that another month will complete the total job which will include cutting, folding and binding.

RECORD ATTENDANCE EXPECTED FOR ROOM PLAN CONFERENCE

A "Coordinated Classroom Planning" conference, expected to bring a record attendance from all parts of the Northwest, will be conducted by the college on this campus September 15 and 16.

Dr. Darrell B. Harmon, executive director of the Texas Inter-professional Commission on Child Development, will conduct the conference. Plans are being handled by Dr. Charles W. Saale, chairman of the division of education and psychology.

Dr. Harmon is known throughout the country for his original work in school lighting as related to child development and is the originator of an entirely new concept of school-room environment and its effect on child development.

His principal work has been in the development of classroom standards for coordination of artificial light, daylight, decoration and seating. He has determined some of the important quantitative relations between school lighting and child health and development.

Gives Results of Research

Dr. Harmon, who is a consultant on classroom lighting and planning on the Joint Committee of the American Medical Association and National Educational Association, will give the results of a ten-year research and experimentation in the improvement of school environment at these meetings. Several other authorities on school planning will be on the program.

A model classroom is being equipped by the college according to the Harmon technique, including lighting fixtures, window shading, color conditioning of the walls and ceiling, new chalk boards, and new seating arrangements.

Over 2,200 invitations have been mailed to architects, school superintendents, school principals, county and state health departments, P.-T. A. presidents, state office of education, state health office, state mental hygiene association, lighting engineers, school board members, contractors, and oculists.

Eight More Candidates Added To Final List of Graduating Seniors

With the addition of eight more candidates for degrees on a supplementary list released by the Registrar this week, the total number of graduates to receive their degrees at 4 p. m. Sunday afternoon at the Commencement program has increased to 92.

The eight candidates added are: Clarke Alexander, Ellensburg; Edwin Ashbaugh, Ronald; Fay Clark, South Prairie; Joe Durand, Burien; Winifred McCredy, Sunnyside; Beverly Schumann, Sunnyside; Betty I. Svare, Poulsbo, and Marijane Highsmith, Sunnyside.

Miss Highsmith will receive her degree in fine arts. The others will be in education.

In the absence of Pres. Robert E. McConnell, who will be attending an executive's meeting in Estes Park, Colo., Ernest L. Muzzall, director of instruction, will preside at the Commencement program. Dr. E. O. Holland, president emeritus of the State College of Washington, will deliver the principal address.

Rev. Paul Dean Hill, minister of the First Christian church, Ellensburg, will deliver the invocation. Richard Houser, baritone, will sing two musical numbers and Herbert Bird will play two violin selections accompanied on the piano by his wife, Ruth Holmes Bird. Victor J. Bouillon, chairman of the Board of Trustees, will present the degrees to the individual candidates.

Miss Jean Swanson, College organist, will play the processional, the Alma Mater and the recessional. A reception for graduates, parents and faculty will immediately follow Commencement on the lawn between Kamola and Sue Lombard halls.

Grey gowns for the ceremony will be Mrs. Allie Anderson and Warren Vollbrecht.

Graduating seniors included on the scholarship roll are Geraldine J. Balster, Patricia Anderson Blood, Helen Thompson Busby, Ada L. Cable, Donald Robert Dills, Pauline Julia Elwell, Dorothy Jeske Frieske, Norma Constance George, David C. Hartl, Myrtle Lillian Haugen, June Bach Hill, Esther King, Rosalie Hilton Lebo, Lester E. McNabb, Erling J. Oakland, C. Vernon Siegner, Alice Woods Teeters, and Gladys Fuller Washington.

DEMONSTRATES AT COAST FESTIVAL

Glenn Hogue, chairman of the division of fine and industrial arts, represented C.W.C.E. by demonstrations on a potters wheel at the second annual Northwest Arts and Craft Fair in Bellevue last weekend.

Mrs. Rudolph Elmer, Bellevue, an advanced student in ceramics, demonstrated the making of ceramic jewelry. All processes from casting to glazing and firing were done on the spot.

With the slogan, "Artists in Action," the Bellevue fair has invited leading painters and craft workers of the Northwest to attend and give the public a four-day exhibition of just how they look at work.

This is the second appearance of Mr. Hogue at the fair. Last summer he created a great deal of interest for spectators by turning out work on his potters wheel.

Thirteen students, a mixture of high school graduates and teachers of experience, made up the first CWCE graduating class.

who resigned this summer to become director of elementary education at Bellevue.

Work Exhibited By Hazel Schmale

An art exhibit of water color, oil, photography and some lithograph crayon drawings, representing the work of Mrs. Hazel Schmale, art major, is on display this week in the first floor hall of the Administration building.

Mrs. Schmale, who plans to receive her degree in education next summer, will teach in Vancouver beginning this fall. She said she hopes to eventually get her master of education degree in art from this institution.

The work on display represents a number of local scenes all done by Mrs. Schmale. Much of the landscape work was done from sketches. Thus far, she has completed 52 credit hours in art.

She began school at Central Washington College in 1945 as a freshman when she decided she would like to go into teaching. The mother of two children, she is exhibiting a portrait of her oldest daughter in this display. Her home is in Vancouver.

Jack Hall To Join CES Staff In Fall

Jack V. Hall, of Kelso, a graduate of C.W.C.E., will take over as sixth grade teacher in the College Elementary school this fall according to an announcement last week from the President's office. He will hold the title of assistant professor of education.

Mr. Hall was graduated from C. W. C. E. in the summer of 1944. He had been teaching prior to receiving his degree. He holds his master's degree from Colorado State College of Education at Greeley. During the past year he has been supervisor of elementary education in the Kelso public schools.

His appointment will fill the position vacated by Miss Irene Hallberg

Praise for 'I Remember Mama'

It is a little late, to be sure, but The Crier would like to go on record as presenting the cast and director of "I Remember Mama," given just two weeks ago, with a big bouquet of verbal orchids. They did an outstanding job.

Because of so many scenes, a large cast and the amount of property involved the play is difficult to present and direct. For an amateur performance, the college group accomplished a near-professional job. The large attendance on both nights by not only students but townspeople as well was an indication of an appreciated performance.

Don't Neglect to Register!

One of the very essentials of American democracy is the right every citizen of this land has, of periodically expressing his choice as to who shall represent him in the councils of government. Any attempt to deprive the American citizen of this right has been met with great outcries of alarm; and several wars have been fought in which this right along with other rights, have been defended against encroachment.

Yet it is a sad and astounding truth, that these very same American citizens, will themselves thoughtlessly deprive themselves of the right to vote through carelessness, by the simple expedient of forgetting to register. Yet the process of registration is certainly no more difficult than purchasing a stamp, affixing it to a letter and dropping it into the nearest mailbox!

It would hardly seem necessary to exhort on the need for registration and to issue repeated reminders through billboards, newspapers, radio and other media; but the plain fact is that all these appeals have been found necessary. It is the very reason these words are being written. **DON'T NEGLECT TO REGISTER!**

Any citizen, whether by birth or naturalization, who can read and write the English language, who has resided in the state for 11 months and in the country for 60 days, and who is over the age of 21 or within 30 days of being 21 at the time of registration may REGISTER. August 14th is the last day in which one may register to vote in the primaries to be held on September 14th. Registration books will open again on September 15th and remain open through October 2, the last day for registering to vote in the general election November 2nd. **REGISTER NOW!**

—From the Citizens Registration Committee.

President Attends Executives Meeting

Pres. Robert E. McConnell left today to attend the biennial school for executives for the American Association for Teacher Education at Estes Park, Colorado, which begins on August 16.

Time will be spent on the coop-

erative study of problems related to the preparation of 1,000,000 new teachers officials say will be needed in the United States during the next decade.

In addition to the school, the executive board of the Association, of which Dr. McConnell is a member, will hold a special meeting on August 23.

BAKKE APPOINTED TO C. W. C. STAFF

Election of Wilhelm Bakke, now a summer session instructor from Tacoma, as assistant professor of industrial arts at Central Washington College, effective this fall, was announced today by Pres. Robert E. McConnell.

Bakke, who has spent three summer sessions at C.W.C.E. teaching industrial arts, received his bachelor of arts degree from the College of Puget Sound, Tacoma. He has done graduate work at the College of Puget Sound, the University of Washington and Oregon State College.

For the past eight years, he has been instructor of industrial arts at Stadium High school, Tacoma. At the same time, he has taught classes at C.P.S. in occupational therapy in the evenings and has done special service work in metals at Fort Lewis.

Born in Norway, Bakke entered Stadium High school as his first educational institution in the United States. He was graduated from there and returned some years later as an instructor. He is married and has two children.

There is no such thing as an "Army Air Corps" or an "Army Air Force" any more according to an announcement of the U. S. Air Force. The only proper designation for the military flying force is: "The United States Air Force" (abbreviation: "USAF"). Members of the Air Force are no longer "Soldiers" but "Airmen."

'GET TOGETHER' AT MUNSON HALL IS ACCLAIMED SUCCESS

Munson's "Get Together," held last Friday night, was acclaimed the outstanding social event of the year. Over 200 people attended during the evening—most of them arrived early and stayed late.

Varied entertainment was provided including the award of \$20 in door prizes, community singing, bingo, dancing, cards, games and slide pictures of Alaska. Twelve door prizes were given away.

Five dollars each went to Shirley Branton and Roberta Devoe. Win- ning numbers were drawn from a box by Miss Frances Norquist. Over \$20 worth of prizes were given away in the bingo games including choc- olate cakes, pies, figurines, ash trays, and others. The grand prize in bingo was won by Mrs. Allie An- derson.

Don Castagna, Munson's Iturbi, provided the piano accompaniment to the community singing which was held throughout the evening.

Refreshments served were ice cream, cake, punch and coffee—and you could go through the line twice!

The hall was attractively deco- rated with yellow and white gladi- olus and yellow roses. The color scheme of yellow and green even reached the icing on the two huge cakes which had yellow borders and large green letters reading "Mun- con's Get Together."

The spark plugs behind the "Get Together" were Del Thompson, Bill Gould, Chuck Zafroni, Vic Hen- lein, Wes Blomberg and Bill Gra- ham. They were assisted by Bob Griffin, Clarence George, Keith Keplinger, Paul Paulson, Barbara Clark, Elsie Marcellus, Bruce Comer and Ken Pratt.

Mrs. Alice Prater, Mrs. Velma Prater, Mrs. Cornelia Wade and Mrs. Mabel Crum presided over the refreshment table.

The inevitable cleaning up was done by Don Connor, Chub Myers, Bob Nolte and Jim Buchanan and several night owls who stayed up after the party to give the hard working committee members a hand.

Dr. Packer Visits CWC

Dr. Paul C. Packer, chancellor of the system of higher education in Oregon, visited the Central Wash- ington College campus last week to pay a personal call on Dr. R. E. McConnell. He was especially in- terested in the low-cost dormi- tory being constructed on North Walnut street, and also visited the new Science building.

approximately 30 million in this age group; at the turn of the century there were only about 23 million.

And it is reported, third, that these 50 million can live longer, and be happier, if they improve their eating habits.

A survey is geriatrics (that's what the science of caring for the aging is called) by the National Dairy Council, which is a non-profit teacher of sound nutrition through schools and clinics and consumer groups, reveals these things and gives some practical hints on how to live longer and have more fun in living.

Oldsters Eat Less

In a technical publication for doctors and dentists and health workers, the Dairy Council points out that older folks tend to eat less, because they need less physical en- ergy. But they eat less of all foods, instead of selecting the right foods to eat.

Also, the Dairy Council, older folks need more and more calcium. Be- cause there's a "marked deminerali- zation of the skeleton at the age of 50," particularly in women. Folks get calcium prinicapply from milk, cheese, and ice cream. Older peo- ple need the generous amounts of protein also supplied by these dairy

products.

So, for the 50 million, here are science's recommendation for long- er life:

1. **Cutdown on calories—easy on sweets and rich foods. You don't need that energy any- way.**
2. **But drink more milk, and eat more fruits, vegetables, and other protective foods.**

If you follow these two rules, the Dairy Council adds, you'll have a buffer against those bad days we all face in age—"because healthy aging people maintain their ability to store, and benefit from, the nu- trients in the diet if they are sup- plied in adequate amounts."

Basketball began to be played at Central in 1894.

Research Comes Up With New Ones

CHICAGO, August 11—Scientific research today came up with a cou- ple of new ones, to bless mankind.

It reported, first, that one out of every three persons in the United States is 45 years old, or older. That's about 50 million Americans.

It reported, second, that this old age group is larger and healthier than ever before, because of improv- ed health habits, especially sound nutrition. Ten years ago there were

Lake Chelan Trip Proves Success To 30 Travelers

Thirty people managed to beat the dawn last Saturday morning to begin the trip to Lake Chelan, which turned out to be the most successful excursion offered by the College this summer.

The group boarded a special Greyhound bus in front of the new gymnasium at 6 a.m. Saturday. They arrived at the city of Chelan a little after 9 a.m. in time to catch the boat to Stehekin, a point on the northern tip of the lake, a trip of some 57 miles.

Reservations had been made at Golden West Lodge for overnight accommodations. According to Arnold H. Faust, faculty member in charge of the group, a charge of \$15.75 covered bus fare, boat fare and lodging for one night with three meals. He estimated the total cost per person, including meals going and coming at \$20.

Trip By Boat

After a four hour trip by boat the group arrived at the lodge. It is situated at the base of giant mountain peaks and is actually only 60 air miles from the coast and 40 from the Canadian border. Noon dinner is served by the lodge immediately on the arrival of the boat.

Interiors of the lodge and cabins are finished in knotty pine covered with shellac and varnish, giving a truly mountain atmosphere. The rest of the time was spent in fishing, hiking, swimming, boating, shuffle board, dancing or just general relaxing. The group was on their own to do as they pleased until the boat left for Chelan the following day.

One of the highlights of the trip was the ride to Rainbow Falls, approximately six miles from the lodge. The falls is over 250 feet high. The clear, cold mountain water flows over the cliff with the mist forming a rainbow in the afternoon sun, hence the name Rainbow Falls.

Psychology Class Tours State Hospital

Twenty-six students in Dr. Loretta Miller's Psychology 103 class and a few other students visited the Eastern Washington State Hospital at Medical Lake on Tuesday, August 3. They visited both the hospital and the custodial school.

Arrangements were handled by Forrest Keyes and Pat Glendenning. The group made the trip in private automobiles.

The first president of CWCE was Benjamin F. Barge, who served from 1891 to 1894.

Numerous Mountain Trails

There are numerous mountain peaks and lakes in the area which may be reached by trails that are maintained by the United States Forest Service. The short stay of the group prohibited any members from taking any long trips by foot or horseback.

The trip up the lake by boat is one of the main points of interest for those on the excursion. Lake Chelan is located in the heart of the Cascade mountains. For 57 miles it winds through snow-capped mountains that are reflected in the lake's clear depth. Sometimes it becomes so narrow as to seem not to be more than a river, then widens out at places from two to three miles.

After approximately 24 consecutive hours, the group headed back from the lodge by boat. At Chelan the special bus was waiting and everyone was back in Ellensburg by 10:30 p.m. Sunday.

Those making the trip were: Ida Anderson, Mable Brue, Lena Byers, John Chambers, Donald Conner, Bert Cross, Mary Estep, Dolly Garrison, Ida Groesbeck, Stella Grone-wald, Dean Annette Hitchcock and her sister, Mary Hitchcock, Jean Holroyd, Barbara Hoffman, Myrtle Larrabeem, Walter Morris, Shirley Nelson, Lura Parrott, Elva Pherson, Mr. and Mrs. J. E. Petite, Mrs. Velma Prater, Ada Shockley, Thelma Shouse, Ruth Skiffington, Jean Swanson, Ruth Sweany and Katherine Tucker.

MUSIC MAJORS GIVE SPECIAL RECITAL LAST TUESDAY NITE

Eighteen music majors were presented by the music department in recital last Tuesday evening in the college auditorium.

Selections included solos in voice, piano, organ and violin. A trio number was presented featuring violin, piano and cello.

The complete program presented is as follows:

Romance	Sibelius
Delores Gidloff, Toppenish—Piano	
Prelude in A Major	Chopin
Prelude in C Minor	Chopin
Ben Owre, Portland—Piano	
Rondo from Sonata in C	Mozart
Bonnie Splawn, Ellensburg—Piano	
Allegro from Sonata No. 2	Mozart
Beatrice Burquist, Everett—Piano	
Sonata in C Minor	Guilmant
Preludio	
Adagio	
Marie Walker, Tacoma—Organ	
Prelude	Ronald
A Birthday	Woodman
Nina George, Thop—Soprano	
Ah Love But a Day	Beach
Love Is the Wind	MacFadden
Lucile Doersch, Centralia—Soprano	
Ombra Mai Fu	Handel
O, Du Mein Holder	Wagner
Bernard Knapp, Seattle—Baritone	
Vissi D'Arte	Puccini
Take Joy Home	Basset
Marcella Dart, Renton—Soprano	
Where'er You Walk	Handel
Elegy	Massenet
Dick Houser, Ellensburg—Baritone	
Si To M'Aimes	Pergolesi
Let All My Life Be Music	Spross
Virginia Colby, Yakima—Soprano	
Voi Che Sepate	Mozart

WILDCATS SPLIT WITH UW HUSKIES

Central Washington College's softball aggregation marked up a three to one edge on the University of Washington aggregation by splitting a double header with the Huskies on Rodeo Field here Friday night. Central beat the U. of W. nine twice at Seattle last month.

The Wildcats won the opener here, 17 to 4, behind Red Heritage. The Huskies came back to take the nightcap, 8-7, with Marshal Dallas, Washington football fullback, on the mound. Dave Hartle pitched for Central. Stan Sorenson caught both games for the Wildcats.

SILVER PIN LOST

Loss of a large silver pin with traditional East Indian design was reported by Miss Hazel Brain this week. It was lost after the play performances. Anyone knowing of this pin is requested by Miss Brain to notify her immediately. She said it was left in the properties room and described it as having a conventional peacock design.

In 1870 the average salary of teachers in the United States was only \$189 dollars per year.

Lila Jean Thompson, Renton, Soprano	
Adagio (from Sonata No. 1)	Bach
Barbara Marr, Ellensburg, Violin	
Allegro	Fiocco
Melba Alford, Ellensburg, Violin	
Prelude in C Sharp from Well Tempered Clavier	Bach
Mary Estep, Yakima, Piano	
Trio in G Major	Haydn
Barbara Marr, Violin	
Melba Alford, Piano	
Ben Owre, Cello	

Vets Transferring Need Certificates

Veterans attending colleges and universities under the G-I Bill must obtain supplemental certificates of eligibility from Veterans Administration if they plan to enroll in a new school this fall.

The certificates should be requested from the VA regional office at least 30 days before the date the term opens at the new school. Advance requests will help speed prompt payment of subsistence allowances after the start of the new term.

Supplemental certificates to the original certificates of eligibility issued by VA are necessary only when a veteran changes from one school or training establishment to another.

The veteran's full name, correct address, VA claim number and present training establishment should be included in any request for new certificates.

Previous to the organization of the biology department in 1899, all science at CWCE was taught by one person.
