MINUTES: Regular Senate Meeting, 27 January 1982
Presiding Officer: Rosco Tolman, Chairman
Recording Secretary: Esther Peterson

The meeting was called to order at 3:10 p.m.

ROLL CALL

Senators Present: All Senators or their Alternates were present except Fran Bovos, Kenneth Briggs, Henry Eickhoff, Betty Evans, Robert Lapen, Clair Lillard, Eric Thurston and Stephen Worsley.

Visitors Present: Myrtle Snyder and Ken Harsha.

CHANGES TO AGENDA

A. Change date of letter from Don Schliesman to January 21.
B. Add letter from Jimmie Applegate, dated January 21.

APPROVAL OF MINUTES

Without objection, the minutes of the meeting of January 13 were corrected by deleting the name of Fran Bovos as a visitor--she is a Senator.

The minutes were approved as corrected.

COMMUNICATIONS

A. Letter from Don Schliesman, dated January 21, transmitting action taken by the Undergraduate Council and requesting Faculty Senate approval of the following policy:

Credits earned in remedial courses will not be allowed toward meeting bachelor's degree requirements beginning fall quarter, 1983.

B. Letter from Jimmie Applegate, dated January 21, transmitting a letter to the Senate which was approved by the department chairpersons and program directors in the School of Professional Studies at their meeting on January 7, 1982. They state that they go on record as opposing the following proposed recommendation:

The proposal to eliminate the BAEd degree in all but two of the university major programs (see Academic Plan) is precipitous and incomplete. No rationale has been provided, no statement of presumed benefit to the University or to students, no evaluation of its impact on teacher preparation programs and no suggestions for maintaining the consistency and quality control of those programs.

They recommend an ad hoc Task Force be formed and charged with developing empirical data based position papers to provide the necessary background from which responsible and intellectually defensible decisions can be made.

This is being referred to the Academic Affairs Committee.

CURRICULUM PROPOSALS

A. University Curriculum Committee proposals, page 610:

SOCIOLOGY--COURSE ADDITION

COURSE CHANGE - Number
AS IT APPEARS

SOC 348. Marriage and Families. (5).

PROPOSED

SOC 248. Marriage and Families. (5).
ART -- COURSE ADDITION
ART 454. Art of China. (3).

TECHNOLOGY AND INDUSTRIAL EDUCATION -- COURSE ADDITION

MOTION NO. 2080: Mr. Brunner moved on behalf of the Senate Curriculum Committee, that the above course proposals be approved. Passed by a unanimous voice vote and no abstentions.

REPORTS

A. Chairman--

Budget--Mr. Tolman reviewed the status of the budget and cut-backs approved by the Board of Trustees at their meeting on January 22. He noted that although the Faculty Code was followed in preparing the proposed Layoff Plan, in the event another reduction is faced again he would prefer to have faculty forum on the issue before it is presented to the Board of Trustees.

Expenditure Reduction Contingency--Another order to prepare a plan to cut an additional 5.2% from the budget has been received from the Governor's office. The members of the Expanded Budget Group will be meeting next week to detail how these reductions can be made and a report sent to the Governor's office before February 11. President Garrity will be sending a communication to faculty regarding this proposed additional budget reduction.

Mr. Tolman's report was discussed and Mr. Kaatz suggested that the Chair request that the business office work out some examples of different situations of faculty in cut-backs and what the financial implications are that they would face by taking the cuts voluntarily.

D. CFR Report--Ken Harsha reported on CFR legislative activities. The next CFR meeting will be on February 19 and a clearer picture of what is going on should be had by then. Mr. Harsha suggested the Senate should develop some sort of mechanism to start collecting monies for the fund to retain a lobbyist to represent faculty of all the institutions across the state, although not all of the institutions have pledged their support yet. The AAUP, the Faculty Council at WSU and Eastern have been contributing to that fund and there are two part-time lobbyists working for higher education.

B. Executive Committee--deferred until next meeting.

C. Standing Committees--

1. Academic Affairs--no report.
2. Budget Committee--no report.
3. Code Committee--no report.
4. Curriculum Committee--no report.
5. Personnel Committee--no report.

OLD BUSINESS

There was no Old Business.

NEW BUSINESS

A. Higher Education for Learning Disabled Students--Myrtle Snyder addressed the Senate regarding the HELDS Grant. She explained that these students are people who are the highest of the handicapped in the United States. There are over fifteen million adults in the U.S. who are unidentified as learning disabled--the reason for their being unidentified being that it is an invisible handicap. Many of them are in the classes at this university, she suggested if any of the faculty should suspect they have one of these people in their class, they should contact her for help and guidance for them.

ADJOURNMENT The meeting adjourned at 4:30 p.m. The next meeting will be February 10, 1982.

and crafts from the Shang Dynasty through the Ch'ing Dynasty.

TECHNOLOGY AND INDUSTRIAL EDUCATION
COURSE ADDITION
Techniques of pneumatic logic control, design, analysis, proof,
circuit layout, building, and trouble shooting. Two lectures and
four hours of laboratory per week.
Dr. Rosco Tolman, Chairperson  
Faculty Senate  
Campus  

Dear Dr. Tolman:  

During their regularly scheduled meeting on January 7, 1982, the department chairpersons and program directors in the School of Professional Studies approved the transmittal of this letter to you.  

Two proposals selected from the many in the proposed Academic Plan were sent to you by the Dean of the College of Letters, Arts, and Sciences. In the unanimous opinion of the chairs and directors of the School of Professional Studies, the proposal to eliminate the B.A. Ed degree in all but selected program areas is precipitous and incomplete. No rationale has been provided, no statement of demonstrated benefit to the university or to students, no evaluation of the impact of the change on teacher preparation programs, and no suggestions for maintaining the consistency and quality control of the B.A. or B.S. programs leading to certification which would result were given. Until such time as responsible positions to these concerns are formulated, debated, and accepted, the chairs and directors in the School of Professional Studies suggest that it would be irresponsible for action to either approve or disapprove the proposal be taken.  

It is recommended an ad hoc Task Force be formed and charged with developing empirical data based position papers to provide the necessary background from which responsible and intellectually defensible decisions can be made.  

Thank you for your assistance.  

Sincerely yours,  

Jimmie R. Applegate, Dean  
School of Professional Studies

The proposal to eliminate the BAEd degree in all but two of the university major programs (see Academic Plan) is precipitous and incomplete. No rationale has been provided, no statement of presumed benefit to the university or to students, no evaluation of its impact on teacher preparation programs and no suggestions for maintaining the consistency and quality control of those programs.

The department chairmen in the School of Professional Studies, therefore, go on record as opposing this recommendation as presently proposed.
Professor Rosco Tolman  
Chairman Faculty Senate  
CWU  
Campus

Dear Dr. Tolman:

The purpose of this letter is to transmit action taken by the Undergraduate Council during its meeting of January 8, 1982. The following motion was approved.

Credit earned in remedial courses will not be allowed toward meeting bachelor's degree requirements and that Central not accept such credits in transfer from other colleges and universities starting fall, 1983.

I agree with the intent of the motion and strongly recommend Faculty Senate approval of the following policy:

Credits earned in remedial courses will not be allowed toward meeting bachelor's degree requirements beginning fall quarter, 1983.

Sincerely,

Donald M. Schliesman  
Dean of Undergraduate Studies
