The Student Opinion

Advising all girls to have pencils, spoke about the attendance quite commendable. The turnouts have been fine and everyone counts. In these things Ellensburg Normal excels.

What has become of those good resolutions we made at the beginning of the quarter to get all A grades, or at least none below B! Are we still doing work to entitle us to such grades or have we fallen down in our work? It is a customary thing for most of us to begin each quarter determined to do the very best possible work. But it is also customary for us, as a rule, to be glad by the end of the quarter if we get even a passing mark.

The calendar shows the present rallies and games is quite commendable. The turnouts have been fine and everyone has shown an abundance of pep. Such spirit encourages the fellows on the team to do their best. Keep it up.

ALUMNI DINNER IS GIVEN AT OLYMPIA

The alumni dinner, that was given in Tacoma on Thursday, October 29, had an attendance of 100.

A four-course dinner was served in the dining room of the First Methodist church, with Willis Hambo, who is now teaching in Trenton, as toastmaster. The dinner began at 7:30 and the staff had to break up at 11 o'clock because of the W. R. A. meeting at 11:30.

The W. S. N. S. faculty members, who were present were Mr. Byrnes, Mr. Hurman, and Mr. Fales. Mr. Byrnes gave a toast to the new library. Mr. Hurman had charge of the arrangements for the dinner and Mr. Fales spoke on the new staff. Arrangements were made during the dinner for the reception and dinner to be given for the football team in Olympia, after the game with St. Martins College on November 14.

As everyone seemed well acquainted, the group was a very enthusiastic one, but even a bigger and better meeting is expected for next year.

Hay Wire
By A. BALER

Henry Ford is advocating a revival of the old time dance and yet has ears are largely responsive for the difficult, sustained shakes and wiggles of the modern career.

In ancient times it was generally an expression of religious, patriotic or military feeling, but now it is in expression of almost anything.

Aesthetic dancing is a planned, esthetically arranged exercise and helps to give grace to the ordinary movements of the body. It is also very beneficial in the development of the eyes.

Many girls who try to trip the light fantastic learned to dance at the old style barn dance and that accounts for the fact that there are so many cows on the "Bowl room floor."

Most society balls are dumb-halls and when they get a ring they toll for joy.

Girls lend a fellow to think they are going to a war dance by the way they paint—either that or a man hunt.

Petticoats wearing silk collars to dances would feel better if they left them at home.

Those attending a formal affair do not possess a dress suit can wear a black shirt and look under the tail out.

Music is a great factor in dancing, it keeps the dancers from being arrested.

Some dancers are so fat, that a fellow needs a hay hook to get a good kick.

We've seen many a girl make a debut and wear "their coming out" gowns and we figured that if they were old style in those outfits they'd certainly be out.

The latest fad in dance to make a religious rite praising to their pagan god for water and the Charlotte needs only a dancer with the utmost persuasion to make it a white man's snake dance.

The St. Vitus dance is a wonder-ful exercise especially when it forms partnership with a couple of charlie horses.

S. O. STAFF FINALLY GIVEN AN OFFICE

MAY RUN AN ELEVATOR TO THEIR COOP AT TOP OF THE COLUMBIA BUILDINGS

At last the Student Opinion has come into its own and has an office designated for the purpose of carrying on the Student Opinion better, more effectively and more efficiently.

The staff moved into its new of- fice, which is in the lower room of the Administration building, and took possession Friday, October 16.

The room is furnished to meet the needs of the Student Opinion staff and although not decorated as ar- tistically as present as can be, plans are being made to have a real newspaper office cleverly de- cased in the school colors, orange and black. The staff is also considering the installation of an elevator, plans of which will be perfected in the near future. If an elevator is extremely out of the question a pull attached will be mounted from the lower to the first floor to carry up the news.

Crumbb School
And Swept By An Army of Students

At 2:00 o'clock Friday morning a group of ten students who were Trenton students were on the campus, busily engaged in cleaning up dormitories and lounges. Although a small portion of the student body turned out there were enough boys to raze all the available wheelbarrows and a sufficient number of girls to help with the razing. Anything which looked at all burned up was dumped on the piles of boards already for the evening's bonfire.

A good deal of work was accom- plished in a short time and all who participated seemed to enjoy them- selves as well. A few of the wheel- barrow drivers worked so hard it quite ne- cessary to have girls all on top of their legs to keep the hens from falling out.

At 4:00 o'clock those who had first performed in the Kappa ball for a well-maintained breakfast and worked on until after 8 o'clock. As a result of the mor- ning's work every campus presents a much neater appearance than before.
