RARE MUSICAL TREAT
IN RHONDDA SINGERS

WORLD RENOWNED CHOIR WILL
GIVE PROGRAM THURSDAY
EVENING.

Are you the type of individual
who is perpetually perplexed
as to what to do if, do not say when
you remember that you are sorry
you did not go with the others
to hear the Chosen One: Welsh Singers?

It is a rare opportunity which
awaits every lover of the better
taste and quality which possess
embraced choirs that are
like-their artistry will be
heard here on January 26.

The concert will consist of
compositions which have been
performed in every section of America and
Canada, it is small wonder that they
have all won widespread favor among
critics. It is natural that the singers
alone should be chosen for the singing
itself. On no other words the ears
of the audience than that which
is heard by the music that bears them to him.

The program will be divided
into three parts, the first
will be devoted to the audience's
harmony, and the second
will involve the richness and tempera­
tion of the artistry which will be presented.

The third part of the concert
will be devoted to the audience's
harmony, and the second
will involve the richness and tempera­
tion of the artistry which will be presented.

O, Billy, I am in dire need of your advice. Can you help me win the match? I must discover the bad side. Then if you still cheat in class, talk to all of your classmates, loud enough for him to hear, and then let him know that you are trying to do your best to please him. You will possibly find yourself on the opposite side. —Billy.

Dear Billy: Will you please tell me how to get on the good side of Mr. Sherlock? Yours sincerely —Harold.

The chimes, which function in the library, were presented to the school by the class of 1925.

The soft sounds fall on our ears at closing time each day, and are gladly listened to by everyone, not only because they signify that our nation is becoming a truly democratic society, but also because of their sweet sounds.

The chimes were played by students from the various classes. The sounds are produced by small bells which are struck by a hammer attached to the chimes. The sounds are so pleasant that they are enjoyed by everyone who hears them.

That being the case, the students in the chimes class were delighted to hear that their efforts had been recognized. They had worked hard to perfect their technique, and were happy to know that their hard work was appreciated by others.

The chimes class is an example of the kind of programs that make our school unique. Our students are encouraged to participate in extracurricular activities that they enjoy, and this creates a sense of community and belonging.

The chimes class is one of many groups that make our school special. We are proud to be a part of the Ellesburg High School community.
