ELKES TEMPLE TRANSFORMED INTO A MICROFOOTBALL FIELD.

The Varity ball given by the Crimson "W" club at the Elkies Temple last Saturday evening was outstandingly successful. The dance which is an annual event, provided the central theme for social interest at the Normal last week. The hall room was lit in form of decoration but very effective. The dancing was well off and made to represent a football field and had black goal posts trimmed with red "W's" at each end of the hall.

At the end of the hall was suspended a large crimson banner with appropriate sentiments to rights.

From the-interim Coach H. W. Quigley awarded the football letters and sweaters to the teams that played on the Normal squad last week.

Mr. Thomas Mundy, in turn presented Mr. Quigley with a sweatshirt and medal in recognition of his work. Miniature footballs filled with candies were given as favors and were very appropriate additions.

Patrons and patronsesses were Mr. and Mrs. R. C. Fritchette, Mr. and Mrs. Howard, William Harmon and Miss Emma Blower.

Students who were on the committee were as follows: Dick Freslow, Sue Foyly, Glenn McNeil, Miss Florence, Mrs. James Mundy, Clayton Bitton, "Pop" Nelson, Leroy Scrapp, Donald Higgin, Sue Fogarty, Eunice Bradley, Mrs. Maurice, Mrs. Harold and Gus Dent.

Music was supplied by the normal glee club, which consists of about 20 students.

The men awarded sweaters and sets were:

The awards were presented by Sophon Fritchette, Dick Freslow, Eunice Hunt and Chester Thomas.

Some people say that war is inevitable. They say that we can never put an end to fighting between nations. However, there are others, and their number greater, who are sure that something can be done to end the whole system of war can be abolished. This thing is certain; we can never have a war without soldiers.

And armies are made up of the youth of the nations. So, if the youth declare that they will no longer submit to the dictatorships of the war lords and make cannon fodder of themselves, from where will the nations recruit armies sufficient to carry on great wars?

It might be a dangerous doctrine to urge the youth of one nation to refuse to fight if there were real dangers of attack by another nation. But the significant thing is that the young men and women of all nations, continental European nations especially, are taking solemn vows that never again will they be duped by the false promises of the sons of Mars that if they stand, and a big share it will be, too.

It comes with two, three, or four rings.

We see by the Seattle Post-Intelligencer that Chicago claims to have the largest vegetable in existence. The headline read: "Chicago Potatoes Proven to Death on Oil".

Well, we're sorry to hear of his demise. If that crop had been marketed, we'd all have been alive to-day. His wives would have made it hot for him.

Science has again done wonders which will educate you, why don't you just think what wonderful opportunities the city police are afforded.

PHILANTHROPY SAYS
People are worried over this evolution of education for fear it would change the graduation costume. NO—they need not fear. They need not fear to bed and while you sleep it will be educated—and will eventually graduate to the traditional cap and gown.

We are born to the midnight oil in the lamp—but we burn it in the automobile.

Dallas, Texas, has established a school for the sole purpose of educating those of watchman—they will know of a certain old ethnic who must have education of a particular course.

Well, as Shakespeare didn't say: "What is a man's mistaken? No one knows what an educated man knows. These watchmen are trained to sniff out and detect the smoke which will eliminate many large fires. You fellows who get hot around the neck and want a watchman here to watch your step.

What do we care if they do have educated noses, that is nothing to blame them. Most night watchmen never did have a day's work in their life.
