Miss Clara Howard, Dean of Women, To Return To Missouri

Miss Clara Howard, dean of women, has resigned her resignation taking effect last Thursday. Mr. Harmon came to Ellensburg last year from Kirkville, Mo. Miss Howard plans to return to Kirkville where she will be in charge of the staff of Teachers Training College. Miss Howard has majored in social science.

As soon as here Miss Howard has been interested in the social life in the school, the opportunities for advancement in any field and many courses of study. She feels that the students in Kirkville will have a better time in the school.

Mr. Howard is a member of the Educational Association and the American Sociological Association.

Dr. Munson To Take Leave of Absence

Dr. John P. Munson, who has been head of the department of biological science at W. S. N. since 1935, is taking a leave of absence to spend some time in the military. The biological department will be taken over by W. H. Quigley.

Dr. Quigley is a research worker of high standing among biologists.

Activities for Leisure Hours Few at Present

Leisure time activities, because of the voluntary quarantine, are few at present.

Roller skating is the most popular for girls and boys alike. The students in the dormitories are not at all uncommon happenings. Fails will not be too many because the school is closed.

But what are a few bumps to such an eventment?

Then to add to the pleasures, a little notice was placed in the halls, announcing that in the gym which "no leafs would be granted for the last week end." What is there to do for the last days of Ellensburg Normal school?

Spend a quiet evening at Kamola by reading a good book.

What could be more romantic?

President Gives High Honor

SUCCESS AT ELLENBURG AND ACTIVITY IN EDUCATIONAL CIRCLES RECOGNIZED

Dr. Munson is the author of "Education Through Nature." "The Shape of the Butterfly" and other articles in the International magazine of the Technical Education. He has lectured during the last few years in colleges and universities, both in the United States and in Mexico.

Dr. Munson's plans are indefinite as yet. He will be greatly pleased by the W. S. N. S. students for at least two quarters.

Little Thing Like

A Bullet Through Window Is Nothing

Why let a shot through the window break up a bridgeental ask the Misses Dorei, Willner, Bigley and the school teachers.

The four were enjoying a game of bridge Tuesday evening, March 5, at the home of Mrs. Ralph Randman, where the first three mentioned live, when ereneth another shot through the window! Upon investigation they found a board window about the size of the finger tip. Training in the school of vocational education and to bring them into the Normal School.

Into the minds of seniors, practically ready to enter the field of higher education, enter questions as the cost of a year's school ing, the courses offered, advantages, costs, etc. It is the aim of those who go out into the field of education, especially as it meets the needs of others.

The courses offered by the school are quite an active part in the work of the college, and of the students were required to sit in odd numbered seats. Miss Howard and Mr. Quigley lectured Wednesday evening, March 11, at the auditorium and concluded the series of contemporary civilization lectures for this quarter.

Octavia Watson, Ex-Stud, Dies

Word was received last week of the death of Octavia Watson at Walla Walla March 11 following an operation for cancer. Octavia was a student here until about three weeks ago when she went home preparatory to her graduation. The announcement of her death during which she gained a host of friends.

She was the daughter of Attor- pen, and a member of the Barometer staff, a member of the Junior Literary Society, of the Student Opinion. She was a member of the Episcopal Church, of the Kent school.

Alberta Kennedy, a member of the Junior Literary Society, of the Student Opinion. She was a member of the Episcopal Church, of the Kent school.

Orchid Society has its repertoire nearly completed by the Student Opinion. She was a member of the Episcopal Church, of the Kent school.

The orchestra has its repertoire nearly completed by the Student Opinion. She was a member of the Episcopal Church, of the Kent school.

The second half of the program is composed of the Glee club orchestra and the Student Opinion. She was a member of the Episcopal Church, of the Kent school.

The dance accompaniment by Thelma Shepherd and Dean Whitall, marks the school's ending of "Gypsy Night" an interesting and popular program.

The first public hearing of the 81st Congress was called by the Rotary club last week. The Rotarians are working hard to make us realize that there can be no doubt as to the important part Rotary has played in the group of the music world. We are privileged to be able to hold the music of the state who will hear the Glee Club will have a great time in store.

Returns From Tacoma

Miss Howard's trip to Tacoma Friday evening. Mrs. Howard is spending a few days at her home at Parkes.

Freak Orchestra Will Make First Appearance Soon

An orchestra using hand made instruments will be under the direction of Mr. Beck in order to prepare to give the public some of the most interesting and enjoyable music that the orchestra will have ever made.

This orchestra is composed of five members: Mrs. Stephens, violin; Eho Cribb, xylophone; J. H. Credit, clarinet; and Mrs. Doebel, viola and accordion. This orchestra has been active in social and school affairs.

Already this orchestra has three engagements for their services. Tuesday, March 18, they will play for the P. T. A. week at the High school. The orchestra will also play at the Kiwanis club meeting, and sometime in the near future they will give the students an opportunity to hear them by appearing at the assembly meeting.

Alberta Kennedy Gets School

Alberta Kennedy has secured a position teaching the fourth grade at the Darrington school. Alberta Kennedy was a student at the University of Washington and received her degree in education at O. A. C.

Okanogan County Normal school has been active in social and school affairs. It is a member of Alpha Gamma Delta sorority and Basha's Legion, an organization of the state. She was a member of the Piano staff, a member of the Junior Literary Society, of the Student Opinion. She was a member of the Episcopal Church, of the Kent school.

Another student who was graduate from the Ellensburg Normal school and is now attending the college in New Dallas. She is continuing her teaching-training in the school of vocational education, the study of German. Normal school seems to be a stepping stone to further educational work.

The Student Opinion

The end of the quarter and fine weather! Spring work beginning and plenty of jobs with good pay! School work getting boring and outside attractions calling! Oh! the call of spring.

P. A. M. hangs on! Show the stuff you are made of and don’t quit just when the going gets hard. We have already heard of several fellows who are quitting at the end of the quarter. Some may have good reasons, but we are sure that others are just tired. Yes, a change! But do not forget that such a change may be permanent. Once you get out of school you may find it hard to get back. And you will find the change to be so delightful after all.

Just grit your teeth, and if your money is short, get a job, and there are plenty of part time jobs now, and register for the next quarter and see the year through like a man.

---

It is said that self-preservation is the first law of nature. However, we must remember at times that we need to watch out for others as well as ourselves. A six weeks quarantine would probably be a rather expensive occurrence to most of us in more than one way. So, if we get a sore throat and other symptoms of scarlet fever, we might be tempted to say nothing about it, and get by. The scarlet fever has not been very severe and we might even have it and not really be sick. If we said nothing about it, no one would know the difference, we could go on to school as usual, lose no credits, money, or time, and all would be fine.

Yes, all would be fine. But one person having the scarlet fever, though ever so mildly, could easily cause hundreds of other cases, a great many of which might not be mild some even deadly. If scarlet fever were found in your school, the school might close down, and much interest bas and much money would go down the drain.

This is somewhat a "scare-head" article and perhaps somewhat overdrawn, true, but let us be careful. A little care now may save a great deal.

---

Notice to All Former Students Of The Normal

We are putting out a 1936 HYAKEN that will be better than ever before. It will contain photographs and snapshots of your old friends and other persons that will bring back fond memories of long ago. It will contain photographs of the new building and other changes made on the old Normal, and contain complete list of the contents of the Normal and the future of your Alma Mater and your school year.

You will undoubtedly want a copy of this HYAKEN. To avoid the cost of printing, we must know before going to press how many copies we shall need. So, get your order in immediately or you may lose your copy.

The price this year is only $2.50. The money is due with your order and pay the balance upon receiving the book. However, as an added concession to those who wish to remit the full price with the order, we have made a special arrangement with the staff of the Student Opinions to give a free subscription to the entire Normal school year to those who enclose $3.50.

"Pinafore" Highly Praised by Critics

Miss Ethel T. Miller, director of music, is offering the following activities and courses for the spring quarter:

Girls' Glee club and Boys Glee club. The work for this quarter will include the spring opera and music for the Commencement program. If you wish to take part you should see Miss Miller soon.

Anyone who wishes to try out for the Girls' Double Quartet or the Boys' Quartet should also speak to Miss Miller about it. There may be vacancies in those groups and it is your chance to qualify for something really worthwhile.

Those who must begin at the A. C.'s of music should enter the sight-reading and sight-singing class in which are taught the fundamentals of music reading. Emphasis will be placed on sight-seeing, ear-training and melody-writing.

Music appreciation is one of the subjects which should enter the school curriculum and is as much in favor today as it was in previous years.

A Dreamer's Dream
By Leroy Tremens
ESWIN HALL IN QUARANTINE

The men at Eswin Hall were met with a glad surprise Friday night when it was found that Fred Kuest had developed a case of scarlet fever and that we perhaps would be most interested in knowing about the health of the boys. The news came from the nurse and the news sent four men to the hospital. It was before Kuest had been any further south than the center of town, and the news of his illness came down with scarlet fever one day even before Kuest's name would be heard if it has been discussed in any circles of the party that was planned for this evening. We do not want to date here that would have been and who can blame him?

The first day was spent in the well known pastime of getting pictures on the front line. Mr. Kuest and the little playmate Kenneth Rodman — the man who by the looks of his face was running a restaurant — took some pictures that some day may be a treasure. The overcoat was not needed.

Of course, the Dr. was not at all well accompanied as we are to see. Some pictures the men were unable to take as the measures taken were entirely unnecessary.

Telephone is Busy

Stanley Baginski, the famous Irish story-teller, was busy talking by the telephone. Of course, we were unable to call to get a message, but we called so much it only became necessary to give a name.

Since all men that had not the diseases were inoculated Friday night, we went to bed early Saturday morning. The collection for the Kansu was made out on a lot of the gossip that went around.

Since all men that had not the diseases were inoculated Friday night, we went to bed early Saturday morning. The collection for the Kansu was made out on a lot of the gossip that went around.

Beautiful State

McNelly and Kravos — the Iowa corn-fed god-sisters — in charge of the pictures they came from Kansu, no one enough to eat. The cooks at Kansu must have thought they were hungry as they thought they came from Kansu, no one enough to eat. The cooks at Kansu must have thought they were hungry as they thought they came from Kansu, no one enough to eat.

The afternoon was spent in various prospects. The men that Mr. Hale was the outstanding that we will know how to dance. The constitution states that in the art of looking for a mate, still he thought that he might overwork himself and that we have. The Dr. was not as well as he thought, and that we have. All the hair is growing fast and who has been

Track Prospects ARE NOT TOO GOOD

WILDCATS WILL ENTER THREE MEETS THIS SPRING; LOSE FIVE MEN

Local cinder artist will participate in three track meets this spring, meet with University of Washington Fresh at Seattle May 24, the Relay Carnival at Seattle May 1 and tri-normal meet at Cheney on May 22.

Prospects for a successful season looks bleak only as a result of four men to see who gets the championship. Five better men were lost through graduation from last year's squad, Kuest, binder of the state, to take charge of the team. The broad jump, is a strong event, but the 440-yard dash, half-mile dash. If attending the state or university games, he is touched on the back. Snow, who makes the quarter, is leaving school at the end of the present quarter.

Two letter men, Nelson in distance, Haines in the pole vault, will form the nucleus of this year's team. There is, however, an abundance of freshmen material.

The Proctor meet will hold some very good material. The Wildcats the following week meet again bound to Seattle to participate in class B in the annual track meet. This meet is divided into three classes, A, B and C. The Wildcat entered the third class of the Pacific Coast conference. Class B took in the college and varsity meets, the U. of W. Fresh, and the three normal state. Malloy, Margarina, Smith, of the high school.

Last year the Pawtucket spaced in both the relay which they entered, taking second place in the relay relay and third place in the mile relay. Coach will try and better their marks in both of these events. This will probably enter a man in the 100-yard dash, which is a special event.

The track schedule will close with the tri-normal meet at Cheney May 22.

The constitution states that in track an athlete shall make two or more in intercollegiate track meet to receive an

Birthday Party

Irene Filzer was pleasantly surprised Friday evening by several friends who called to remind her that she had passed another milestone in her life. The evening was spent and after a light repast of sandwich, rice and chocolate the group returned to their respective homes.

Report Vacancies On Teaching Staffs
Letters from superintendents of various schools are beginning to appear in the appointment office reported vacancies. The salaries offered for these positions seem to be about the same as those of last year.

Till the 13th Century, Arab rule in the Orient was supreme. Importation of chess in America has tracked since 1525.

Page Four

The STUDENT OPINION

Notice to Seniors!

Attention Seniors!
At a recent council meeting it was voted that we have holders for the diplomas this year. This is something new for the Ellensburg Normal school, although the other Normal schools have them. At a majority have shown their intention of ordering, so it will not want your diploma presented without a holder. The holder will appear on can be seen at the book store. All orders must be by April 15. The announcements and cards that were chosen can be ordered through Drug Store. They can have your early attention.

In regard to class pins it was voted that we keep the official Ellensburg pin that has been ordered for several years past. This can be made up in several designs and scar f pins. An order of 50 must be taken before we can have the pins made. If you are contemplating ordering a pin, place your order with J. N. O. Thomson before April 15. A deposit of 50 cents is necessary when ordering.

DAYTON GLOVER, Senior Class President.
