Annual Field Day is Set for April 27

Field Day, a very important event of the year, will be held in the Senior High School grounds April 27. The Normal school campus will be dismissed from school for the day. Work, play and entertainment will make up the program now being developed by the committees in charge.

The day will start at 8 o'clock Tuesday morning when all the boys and girls of the school will be assembled on the Clovis Hartmann, chairman of the program committee, has assigned each man his work and it is expected to be completed by April 22.

At noon the entire student body will assemble for a big picnic lunch. Then an hour of entertainment will be given by the senior classes and the Junior-Senior classes. Boys and girls will be given the afternoon programs. Baseball games, races, obstacle courses, track and field events will furnish the two classes plenty of entertainment.

The activities of the day will be the result of the combined efforts of the student councils and the administration. The program will be one which every one to go by; for instance: Anyone wearing a buck tail will be subject to severe punishment. Clicking should suit the occasion. Every one should wear clothes with rough and ready appearance.

Girls will also plan an important social event.

FRESHMAN FROLIC
SET FOR MAY 8TH

The Freshman Frolic, an informal meeting held by the Freshman students this year, will be held in the Ellis Temple May 8.

This is to be the only large affair to be given by the first year students this year and committees are already at work, and are planning to make a thoroughly enjoyable event.

Tapestry Print
Is Being Shown

Miss Dawn Kennedy, while in Spokane, attending the Idaho Empire Teachers' association meeting, purchased several very pretty prints. The largest was a picture of a red rose and it may be seen very easily on the walls of the Normal. Miss Kennedy is an expert in the form of a tapestry and is very rich in color. This picture is always on exhibit in the Normal office and is often used in the place of pictures in homes. She also has some small tapestry pieces which will be shown at the Frolic.

Miss Kennedy took to Spokane an art collection from the Ellensburg Normal and she said it was among the finest of its kind she had ever seen.

Now young Si Perkins was over the "tide"
He thought he was essential—
But he was not. His name was Erskine.
He entered Mr. Stephens' class, and found it a most comfortable one.

Field Day, April 27.
We have adopted a point system to govern student activities. The machinery for administering it has not been perfected as yet so the tests of the new system have not been failed. However, the proper thing for every student to do is to put the rule into effect in his own individual case, and if he is holding more offices than he is allowed under the point system, not wait until he is caught but tell him that he must resign something. Let’s show that we are really grown up and do something without being compelled by force to do it. Count up your own points and if you have too many, resign something today. It will be to your own benefit to do so, for if you are carrying more than five points you are spending more time on your outside activities than you should.

Another fine thing that has been done in A. S. B. recently is the decision to call the classes by their proper names—Freshmen, Sophomore and Juniors; instead of Junior; Senior and Third Years. We are glad to note the cooperation on the part of our students in changing the name of what was formerly the “Junior Prom” to the “Freshman Fredie.” We are sorry to say, however, that the Sophomore people have not done so well. Several notices in regard to “Senior” class meetings and the payment of “Senior” dues as well as “Senior” class election, have been posted. Perhaps that has something to do with the poor results received from these notices.

We are glad to note that Bulletin Board conditions have shown a marked improvement since our remarks of a week before. Keep it up.

A "Timely" Story

Since Marlin Colton was raised on a chicken, or rather a poultry farm, he has now become a lover of birds himself. He says that the reason one was purchased, which was his one great desire. Marlin stated that he was tiring of the chickens cack- le, and in his heart that it would be more pleasant and pleasing to hear the "Natives talk.

Although the bird awakened him at 6 a.m. with its beautiful song, another selection is given to the appreciation shown the bird for its "natural" ability. The song, though inspiring, your heart with raptures, it being inde- terable. It "seems to be" almost

mechanical. Marlon has decided to sell it. This seemed to be the most appropriate name because it gave the alarm in the morning for him to rise.

The two are in great company-

Smoke Rings from an Opium Pipe
