NEWSPRITED RECREATIONAL CLAS

THE FIRST GAME
Saturday, October 9, the football season opens with a bang. The University of Idaho freshmen are coming here for the first time since 1921—and that isn’t all—the Boshyn Athletic club with two plays will have a big double header and every man on the team will have his chance on the field.

Sophomores, Juniors, Seniors—now is your chance to back the team. Freshmen—this is your chance to get into the game. If Idaho can understand football now, it is time to learn, for what is school without school spirit, and what would school spirit be without football. Let’s turn out one hundred per cent and show the boys that we are behind them and expect them to win.

CLASS ELECTIONS
At the opening of every school year one of the biggest problems that the students of the classes have to deal with is that of electing capable officers to pilot them through a successful year. Too many times only students who are popular among their classmates receive the nominations. With this arrangement the class is taking chances of falling below its standards. It is necessary to select for leaders of the class those who can qualify not only on the popularity basis but also on their scholarship credits. This year let’s try to see if we can’t take more than popularity into consideration when we make the selection of our officers.

THE BOOK STORE
A place known to all second year students and rapidly making its appearance by the first year students is the W. N. S. book store. The purpose of this store as we should all know and realize is for our own benefit. Through our patronage the store will be able to stay open longer and be able to handle more materials that we would like them to have in stock. By means of our trade the school can lower the prices and all students will be pleased and more satisfied than they can buy things more conveniently in the Book Exchange which is managed by the student body. Come on Student Body! Let’s all chip in with our business.

SCHOOL SPIRIT
Once again the school year at W. N. S. has gotten well under way. Students have commenced their work with a good will and students seem to point to a successful school year.

How many of us realize to what an extent success and cooperation are dependent on each other? Let us realize that we must cooperate with our faculty, with our school leaders and with each other as well.

The index serves as a guide to the listing of the handsbooks when they paid the registration fees should go to the trainning school. This is the first thing there has been organized art work in the training school.

The decorated panel presented last year by the Art Club for the art department has arrived. The design is a Chinamen motif, rich in color. The panel will soon be hung in the front art room where all can see it.

The index serves as a guide to the information you wish to know.

NEWSPRITED RECREATIONAL CLASS

HANDBOOK ISSUED TO AID STUDENTS

Something entirely new for W. N. S. students this year is the "Students’ Handbook," which is given to each student at the time of registration. Its purpose is to instruct the new student in the rules and regulations of the school, and to assist him in becoming a good citizen of the Normal. It gives valuable information regarding school life, such as library rules, rules concerning the attendance, and the members of the faculty and their lines of work.

Students will also find complete information concerning activities, organizations and traditions. It is hoped that new students will be greatly helped in becoming ac­ quainted in school affairs by learning the songs and yells, and by reading the constitution and by-laws recorded in this book. This handbook will probably bring about more co­ operation and school spirit among the students and each student will be greatly benefited.

Students who didn’t receive one of the handbooks when they paid the registration fees should go to the business office and secure one. The index serves as a guide to the information you wish to know.

Art Department
The Clothing 1 classes made a trip to the K. E. Clemons "Two Spot" October 5. A specialist talked on the new methods of dry cleaning and explained the plant. Two trips were made, one at 2 o’clock and another at 7 p.m.

Miss Pauline Johnson has joined the faculty as assistant art instructor and with regular work in the training school. This is the first time there has been organized art work in the training school.

On A. S. B. MEETING

The candidates selected for presi­ dency at the first A. S. B. meeting of the fall quarter held Friday, Oct­ ober 1 were Betty Crosby, Marvin Dubbe and Joe Brown.

W. J. Harmon, graduate manager, acted as temporary chairman and Flora Baker as temporary secre­ tary. The meeting was followed by the singing of the Alma Mater.

Other candidates chosen were: Vice president, William Burroughs and Marie Lowe; secretaries, Linda Churchill; student commit­ tee members, Caroline Hall and Ruthie Brown; executive committee, Otto Lagervall, Ralph Good and Alva Mitchell.

Miss Ethel Miller led in a number of songs during the assembly. The candidates for roll leader led the assembly in a number of school yells.

President Coolidge has said that "Every one knows that it is not what is earned but what is saved which measures the difference between success and failure."

The saving of money is inborn with some people. They make every dollar perform its fullest duty. Others acquire the ability to save money and it becomes a habit with them.

Buying inferior goods because they are cheap is not thrift. It is wasteful because the service is correspondingly short.

The way to decide where savings are greatest is first to look into the ability of the store to buy right; then the reputation of the store for selling right.

The buying power of this store is tremendously increased because of the co-operative buying for all the stores of this Nation-wide Organization. This advantage is your advantage each time you buy from us. And paying cash you enjoy an added saving.

"Is the Difference Between Success and Failure.

Small child observing large turtle. "Daddy, is that a water?"
Floyd Forrest: "No, son, that's a Cie llum baby."

ROY SANDBERG NEW ASSISTANT COACH

"Sandy" is Graduate of W. S. C. Where He Starr'd in Athletics.

When the talk of an addition to the coaching staff was begun last spring it was a question who would come into the school and help Coach Quigley bring the old Wildcat back on the winning side of the column.

The selection was a good one and although his work has just started he has made friends with the whole student body and faculty and with the business men and people of Ellensburg.

Roy H. Sandberg was selected from a large number of applicants for the position. He is a graduate of Washington State College, While at college he was a member of the freshman football and baseball squads. He was also a member of the varsity football and baseball squads during his last three years of high school. He was a backfield man in football. During this time W. S. C. defeated the C. of W. 14 to 8. This is the last time the State College has been able to defeat the University. They also defeated Nebraska 21 to 20 on the Nebraska field.

In baseball "Sandy" played two positions, catcher and outfield. He caught for two years and then on account of shortage of material for the other positions he put away his mitt and tried out to become a bank hawk which he did, but was only one of several professional ball clubs.

"Sandy," staying at W. S. C., was not all athletus but he was also big in student activities. He was a member of the Gray W. club, an organization for men winning the official athletic emblem. He was a member of the Crimsons Club, a honorary fraternity for men who rated high on the campus. "Sandy" is a member of Lambda Chi Alpha.

After graduation "Sandy" became connected with athletics at Washington State College. He stayed there two years and in that time brought the school's athletics up to the level of Spokane and cities like Lewiston and here he met with success through good work at tackle. Conners, the school's athletics up to the caliber every day by acquiring more ability and is looking better.

The Roslyn and cities of Spokane and cities of Ellensburg. They also defeated Nebraska 21 to 20 on the Nebraska field.
