kład OFF the GRASS

Keep off of the grass—if you want to roam, join the navy.

Students, it's no credit to W. S. N. S. to see a well defined trail leading across our lawns, when there are good cement walks within a few feet farther than to cut across the lawn, were built with the intention that they should be used. It is a distinct discredit to the school and should be stopped.

Loyal to your school and keep on the walks.

Talk of Kamola

President Black, Miss Grzes and B. A. Leonard were the speakers of the evening. A meeting of the Kamola hall residents and girls from the United houses October 4. Miss Grzes touched briefly upon the differ-

cences of the Normal school student.

Outlines of the rules and regulations under which the residence lived.

Kuthbin seemed to be good for from 3 to 8 or 9 yards every time he snatched the ball, and Bob Dorsey, former Ellensburgh player, was also a power in the offense.

And the defense.

Maiden, a former University of Washington player, was the effective end in the Kamola of- fensive. One of her best plays was a lateral, a tackle, which was unreported in the second half of the game, due to his backfield showed class. Everybody, it seemed, was able to receive, to run, to catch, and in the Kamola defensive were themselves.

Kuthbin tossed 18 forward passes, some of which were completed, gained a total of 84 yards. Ellensburgh had three passes and they all failed.

Roland made first down eight times in the game to three for the Normal team, and gained 118 yards from scrimmage to another 41.

Neither team had anything to prove about putting 11 guys to hauling, averaging 29 yards.

Roland scored about 20 men in the game.
